

Crafting heartfelt stories
Relaxed, **Artist**, and uniquely you

“No wedding is the same, so why should the film be?”

WHERE IT ALL **BEGAN**

Hey, I'm Robbie (short for Roberto), a musician-turned-filmmaker based down in beautiful Devon, UK.

I started out on stage and in studios, telling stories through sound. That love for creativity eventually led me behind the camera, where I found a whole new way to connect with people and bring stories to life this time through visuals and emotion.

At first, I was shooting music videos, chasing the energy of live shows, capturing moments that moved fast and felt real. Then I filmed my first wedding... and everything changed. I found the best thing I've ever done. it wasn't just another job. It was honest, emotional, raw and completely unforgettable. I knew right then that this was something special.

Now, I take a different approach to filming weddings. I keep things real, relaxed, and completely unforced. No awkward posing, no fake moments just the true vibe of your day. I believe weddings should feel alive, not staged. So that's how I shoot them.

I believe in storytelling not just through the moments, but through how they're captured. I'm drawn to the beauty in the raw: grainy textures, soft light, rich colours, and all the little imperfections that make something feel real. I don't chase perfection. I chase feeling. The quiet glances, the bursts of laughter, the unplanned, in-between bits those are the things that stay with you.

My films are personal. They reflect you your people, your connection, your story. I use a mix of cameras, layered sound design, and a bit of creative spontaneity to take you right back to the way it all felt.

It's not just about capturing the day it's about telling the story that lives inside it. The kind you'll want to share with family and friends for years and years.

Wherever you're getting married whether it's down the road or halfway around the world—I'd love to be there, camera in hand, ready to capture it all.

So... could your wedding be the next story I tell?

Think of me as a friend tagging along to your favorite spot, someone who's there to capture the real, unfiltered moments that show who you are together. These moments will be woven into your final wedding film, elevating it into something truly personal and meaningful.

FREQUENTLY ASKED QUESTIONS

How to book?

- To secure your date, a 25% non-refundable deposit and signed contract are required.
- Finalize the Details: I offer a highly recommended video/phone call prior to your wedding. This helps me get to know you better and discuss any additional moments you'd like captured on your big day.
- Settle the Balance: The remaining balance is due 2 weeks before your wedding and a payment link will be sent alongside a reminder.

What is the normal delivery time for a wedding film?

The standard delivery time for a wedding film is 6–12 weeks. However, the wedding trailer will be ready within the first week after your big day. If you need a quicker turnaround, we offer an express delivery option—with your full film delivered within 15 days of the wedding.

What is Raw footage made into a long video?

I create a carefully curated selection of the most cinematic and meaningful moments, color-graded and arranged in chronological order. While the footage is shot handheld resulting in some variation in quality it beautifully captures all the little behind-the-scenes moments. This film typically runs up to Half hour, depending on the number of events covered. It includes all the b-roll footage, but excludes full speeches and the ceremony.

Do you offer custom packages?

Absolutely! If you have specific requests or a vision in mind, feel free to share them with us we're open to anything. Our packages are fully customizable to suit your unique needs. Just let us know what you're looking for, and we'll make it happen.

Can we choose our own music?

Due to copyright regulations, we license each piece of music used in your film, which can include up to three different songs. I work with you to understand your musical preferences and the vibe that suits you as a couple. From there, I'll handpick a few songs for your final wedding film, and if I can't find the perfect fit, I'll compose an original track to enhance your film.
